

Pau Saez Lopez

Front-End Developer | Software Engineer

I'm a **Front-end developer**, deeply smitten by the rhythms of JavaScript and the harmonies of React. Being Creative and build things from Scratch is my absolute passion

PERSONAL PROJECTS

Music Player App

- <https://novamusicplayer.netlify.app/>
- As a music producer and lover of music, my first project with React was to develop this music player with its own library

Ignite Clone App

- <https://igniteeapp.netlify.app/>
- Developed with React and SCSS, to challenge myself with API calls, I created this clone of the IGNITE video game website.

Animated Portfolio

- <https://caputreproject.netlify.app/>
- Developed with React, Styled Components, and Framer Motion, I undertook this project to learn about animating elements within the React ecosystem.

Reddit Clone App

- <https://reddit-clone-three-inky.vercel.app/>
- As a Reddit user and to reinforce my knowledge of fetching APIs, I decided to create a Reddit clone, emulating all the front-end interactions to the fullest.
